### About This Game

A fun game involving colors and your memory.

In Color Guardian, you must memorize a sequence of colors that will be shown and make the highest score possible.

You can challenge some family / friend to compete with you, and see who can get the highest score.

The challenge is not so great at the beginning of the game, but I doubt that you will be able to go from level 20 upwards.

How about a little brain training with a fun memory and color challenge?

Decorate, hit and win!
